

34th ANNUAL USS KRETCHMER REUNION PRICING

After a complete shut down in 2020, we were back in business in 2021, in Ft. Myers although not up to where we want to be this year. We are late getting this out because of medical problems in the Strong and Sulek households. Hopefully when you receive this you will respond as quickly as possible so the Cardwell family can firm up the plans for the reunion. Again our apologies for the delay as sometimes life gets in the way of our best intentions.

The Cardwell's have a nice lineup of things for us to do this year and we will be easing off long all day adventures. On Thursday morning we will take a city sites bus trip around San Antonio highlighting places to see. The buses will arrive back at the hotel by 12:30 and the afternoon will be yours to adventure out on your own or relax at the hotel. On Friday morning we will again head out to visit four missions, again returning back at the hotel by 12:30 and the afternoon again will be yours to adventure out on your own or relax at the hotel. This is a little different approach to what we've done in the past, however we aren't getting any younger.

Please fill in your names
